

Remember Love

S

You all say just what you mean
I've probably told you more than you should ever know
This was always meant to be
And I feel it all around you and me So this would be the perfect time to throw it all away
I would give you everything
And watch you walk away
And it's you that I'll remember
when I think of love and all these things
How easily it goes away I begin to get confused
But seem to find my way back to you
And I always told the truth
And I never felt ashamed around you
So this would be the perfect time to throw it all away
I would give you everything
And watch you walk away
And it's you that I'll remember
when I think of love and awful things
How easily it goes away
How easily it goes away
How easily it goes away
