

# Party Shaker (Extended Mix) [feat. Nicco]

## R.I.O.

Wake up, wake up  
People getting on  
I'm gonna rock your body  
Stand up, stand up We're moving all the way to the top We flying high, so high  
To the sky  
And we lead any dance floor  
Right tonight  
We will blow this club way From Rio to Jamaica  
We are the party shaker  
So welcome everybody  
Let's party tonight  
Will sit until is wasted  
They call us troublemakers  
But we just like to party  
And party tonight  
From Rio to Jamaica  
We are the party shaker  
So welcome everybody  
Let's party tonight Will sit until is wasted  
They call us troublemakers  
But we just like to party  
And party tonight  
But we just like to party And party tonight  
That's right!  
All right, all right  
Love is in the air  
The girls go naughty  
Tonight is the night  
We blow this disco lights  
We flying high, so high  
To the sky  
Make it over the rainbow  
Right tonight  
We will blow this club way From Rio to Jamaica  
We are the party shaker  
So welcome everybody  
Let's party tonight  
Will sit until is wasted  
They call us troublemakers  
But we just like to party  
And party tonight Party shaker!  
But we just like to party

And party tonight  
So if you wanna dance  
The party never ends  
So people put your hands up  
Your ass shake  
Your body rock in dance  
Let's get ready to the party tonight  
Come on down, we a go make a party  
Sip your drink, you feeling irie  
Everybody do a dance and get upon it  
So, uh, like, whoa, whoa, whoa  
And I know you gonna want more  
Take you all around the world, go on tour  
Everybody get you ass upon the floor  
From Rio to Jamaica  
We are the party shaker  
So welcome everybody  
Let's party tonight  
Will sit until is wasted  
They call us troublemakers  
But we just like to party  
And party tonight  
All of my people  
From Rio to Jamaica
