## You Are My Number One (Radio Mix #1) [Lenky Mix]

## **Smash Mouth**

Hold me down, I'm gonna fly straight to heaven Hold me down, don't ever let go I've been around, you know I can't stay forever And when I leave, I want you to knowWhen I'm finally gone, I'm gonna be gone without a trace There's a lot of good times ahead before we're done And on top of this list of things, before I leave this place You are my number one, yes you are my number one 'Cause you can tell me lies, you know that I'd still believe you (say wha'?) Stay right here, don't leave from that spot (come right back here, my girl) I can't go, you know I'm afraid to leave you Don't you know? You're all that I've got I'm afraid if you go, you might disappear behind a mist And I'd rather be hung from a tree or shot by a gun And of all of these things that matter here upon my list You are my number one, yes you are my number one You are my number one (say so) Trying to make it clear (good gosh) Trying to let you know When you're afraid I'm gonna be there...(Ska lyrics) When I'm finally gone, I'm gonna be gone without a trace There's a lot of good times ahead before we're done And and on top of this list of things before I leave this place You are my number one Yeah, you are my number one Whoa baby, said you are my number one You are my number one Song Discussions is protected by U.S. Patent 9401941.
