

# Even Better Than The Real Thing

## Dead or Alive

I remember what you wore on the first day  
You came into my life and I thought hey  
You know, this could be something 'Cause everything you do and words you say  
You know that it all takes my breath away  
And now I'm left with nothing So maybe it's true that I can't live without you  
And maybe two is better than one  
But there's so much time to figure out the rest of my life  
And you've already got me coming undone  
And I'm thinking two is better than one  
I remember every look upon your face  
The way you roll your eyes, the way you taste  
You make it hard for breathing 'Cause when I close my eyes and drift away  
I think of you and everything's okay  
I'm finally now believing Then maybe it's true that I can't live without you  
Maybe two is better than one  
But there's so much time to figure out the rest of my life  
And you've already got me coming undone  
And I'm thinking two is better than one I remember what you wore on the first day  
You came into my life and I thought, hey (hey, hey) Maybe it's true that I can't live without you  
Maybe two is better than one  
There's so much time to figure out the rest of my life  
And you've already got me coming undone  
And I'm thinking, ooh, I can't live without you  
'Cause, baby, two is better than one  
There's so much time to figure out the rest of my life  
But I've figured out with all that's said and done  
Two is better than one, two is better than one
