# Calling Time

## [Basshunter](#)

OohYou're calling time
Calling your time on me, me
Can't you see
Things ain't working out for you, and meYou're calling time
Calling your time on me, me
Can't you see
Things ain't working out for you, and me
You know you want it down tonight
You know you're mine
Just let go and no more liesYou know you want it down tonight
You know you're mine
Just let go and no more liesI'm calling time
I'm calling time
Now I know because we're at the end of the lineYou're calling time
Calling your time on me, me
Can't you see
Things ain't working out for you, and meCalling time, ooh
You know you're mine
Just let go and no more lies
You know you want it down tonight
You know you're mine
Just let go and no more liesYou know you want it down tonight
You know you're mine
Just let go and no more lies
