

# Already Over

## Red

You never go  
You're always here (suffocating me)  
Under my skin  
I cannot run awayFading slowly  
I give it all to you  
Letting go of me  
Reaching as I fall  
I know it's already over now  
Nothing left to lose  
Loving you again  
I know it's already over, already over now  
My best defense is  
Running from you (cost me everything)I can't resist  
Take all you want from me  
Breaking slowly  
I give it all to you  
Letting go of me  
Reaching as I fall  
I know it's already over nowNothing left to lose  
Loving you again  
I know it's already over, already over now!  
You're all I'm reaching forIt's already over  
All I'm reaching for!  
It's already over now  
I give it all to you  
I offer up my soul  
It's already over, already over now!  
Give it all to you  
Letting go of me  
Reaching as I fall  
I know it's already over now  
Nothing left to lose  
Loving you again!  
I know it's already over now!  
It's already over now!  
I know it's already over, already over
