

I See You

MIKA

I'm sitting across from you
I'm dreaming of the things I'd do
I don't speak, you don't know me at all For fear of what you might do
I say nothing but stare at you
And I'm dreaming, I'm trippin' over you Truth be told, my problem's old
You mean the world to me, but you'll never know
You could be cruel to me
Why go risking the way that I see you That I see you, that I see you
That I see you, that I see Conversations not me at all
I'm hesitating only to fall
And I'm waiting, I'm hating everyone
Could it be you feel for me?
In any possible similarity
If it's so, how would I know?
You'll never know me at all but I see you But I see you, but I see you
But I see you, but I see you I'm standing across from you (But I see you)
I've dreamt alone, now the dreams won't do (But I see you)
I'm standing across from you (But I see you)
I've dreamt alone, now the dreams won't do (But I see you) Truth be told, my problem's old
You mean the world to me, but you'll never know
You could be cruel to me
Why go risking the way that I see you But I see you, but I see you
But I see you, but I see you
I'm standing across from you (But I see you)
I've dreamt alone, now the dreams won't do (But I see you)
I'm standing across from you (But I see you)
I've dreamt alone, now the dreams won't do (But I see you) I'm standing across from you (But I
see you)
I've dreamt alone, now the dreams won't do (But I see you)
I'm standing across from you (But I see you)
I've dreamt alone, now the dreams won't do (But I see you) But I see you, but I see you
But I see you, but I see you
