

Every Day Is a Monday (Remastered)

Laura Pausini

Feels like
I've been frozen in time
And I'm looking for an easy way
To get on with my life
But I know
You're the one to tell
I've been putting on a masquerade
I ain't doing that well Everything has crashed
And I'm losing this game
Can't help myself but wonder
Do you feel the same?
How could I ever say goodbye
Every day is a Monday
Without you by my side
I must have been a fool to try
Every day is a Monday
Without you in my life Tell me
It's a big mistake
'Cause I kinda I learned my lesson
More than I can take
Freedom
Had a price to pay
I don't want to be the one
To throw it all away Everything has crashed
And I'm losing this game
Can't help myself but wonder
Do you feel the same?
How could I ever say goodbye
Every day is a Monday
Without you by my side
I must have been a fool to try
Every day is a Monday
Without you in my life We were the weekend
Always living to be free
Now I'm stuck here on Monday
When I need you every day of the week How could I ever say goodbye
Every day is a Monday
Without you by my side
I must have been a fool to try
Every day is a Monday
Without you in my life I must have been a fool to try
oh baby

How could I ever say goodbye
oh no no oh no no
Every day is a Monday
Without you in my life Every day is a Monday
