

# Lion's Roar

Asher Roth

(feat. Busta Rhymes, New Kingdom)(Asher Roth)  
Pretty girl, you know that you so hot (hot, hot-hot)  
How about I take you to my spot? (spot, spot-spot)  
We can take off all our clothes, evoke our animal'  
You hear my lion roar, head high, eyes closed  
You begin to describe all things we do in a big big bed in an empty room  
Look at you on me then me on you with a warm washcloth and a few ice cubes  
Did it get so wet? No I'm not my best when I make you sweat  
Ready now get set cause you get no rest  
I'ma smack that butt, I'ma grab them breasts  
Yeahhh, tell me what you like (like) can I scratch and bite? (bite)  
We can scratch that fight (fight) make it last all night  
Slidin on your side and curves, satisfy the primal urge  
Ridin on you back and forth, that's how you make my lion roar  
(Chorus: New Kingdom)  
Head high, I'm low  
Hear my, lion roar (ooooh)  
Lion roar (ooooh)  
Head high, I'm low  
Hear my, lion roar (ooooh)  
Lion roar (ooooh)(Asher Roth)  
Yeah yeah...  
On the mic I'm a beast, I'm a big bad beast  
I could speak that heat, I don't need no reason  
Jeepers, them big teeth you be feedin  
Better leave now, I'm 'bout to be eatin  
Even you stick around and we beatin  
Bleedin, have him laid out on the cement  
Breathin, I had him back in your team and  
leave in peace and have a safe evenin  
Beef is not what I like to do  
Speakin just to enlighten you  
Teach him a rhyme and preach in the mind and  
a beautiful thing keep fightin through  
Just how big's the fight in you? Tight and high and mighty or  
A lighty, hide your heiny when a giant hasn't frightened you (you)  
Look in my eyes (eyes) you see my pride? (pride)  
You see the fire (fire) burnin down the side  
Will and drive'll make a man, doin what you say I can  
Oh you think I'm playin? Well let's see just what you made of then  
(Chorus)(Busta Rhymes)  
Busta Bust and I'm back on my BULLSHIT NOW!C'mon! Got to make you wanna jump jump

jump  
and I come with another banger and I know you wanna bump  
Cap and gown when I smack you down  
and I graduated homie bangin in the trunk  
Put yo' hands where my eyes could see  
Let me take this thing to where it really need to be  
One-two-three, let me take time  
to remind y'all that you can't fuck with me  
Shake yo' ass on the way to the flo'  
in the dungeon drinkin and the lions roar  
All my little mamis come to the crib  
Let me pound on the coochie until it gets sore  
Then I laugh and cough when I flash and floss  
Moment when I get cash as a boss  
Asher Roth, I'm comin too  
cause I heard that you got a lot of ass in the loft  
See I ain't playin mister  
I'm 'bout to twist your sister  
That's how we do it killer, yeah!  
(Lion roar) Yeah! (Lion roar)(Outro: Asher Roth)  
That's when I let my lion roar (lion roar)  
That's when I let my lion roar (lion roar)  
That's when I let my lion roar (lion roar)  
That's when I let my lion roar (lion roar)  
That's when I let my lion roar (lion roar)  
That's when I let my lion roar (lion roar)  
(Lion roar. lion roar. lion roar)
