

# Still

## Frankie J

I got a call late last night  
From a number I didn't know  
It was so strange I knew who it was  
From the moment she said "Hello."  
And I paused for a minute  
I couldn't believe it  
I kept my cool so my girl just wouldn't see  
She said, "I'm sorry but there's something you should know"  
This is what she said to me,  
"I didn't let you go  
No I can't let you go"  
She said, "I'm having such a hard time"  
Then I heard, "I can't let you go  
I just can't let you go"  
And then she said, "I think I'm losing my mind" "Cause I still love you  
This I must confess  
I guess I still need you  
I feel I have to tell you this again  
Yes I still want you  
Oh these words I did not plan  
So if I've interrupted anything  
I promise I won't call you again"  
So I told her my heart felt  
The same that it did before (as it did before)  
Its never changed  
My feelings never went away girl (no)  
My heart never closed the door  
(no, no never closed the door)  
Then I stopped for a minute  
gotta think about my lady  
And what we have going on (what we have going on)  
She's about to have my baby  
Girl, you waited much to long  
I gotta let you go  
I'm hanging up the phone  
This conversation can't go on no more  
I gotta let you go Cause if I don't let you go  
I fear that I might let you know  
'Cause I still love you  
This I must confess  
I guess I still need you  
I feel I have to tell you this again

Yes I still want you  
Oh these words I did not plan  
So if I interrupted anything  
I promise I won't call you again Now I'm doing just fine with my girl  
Not about to let her go (can't let her go, let her go)  
Just because you find me once again  
it doesn't mean you're coming back home  
(doesn't mean you're coming back home)  
Now its been about 2 years or so (its been about 2 years)  
Since we went our separate ways (went our separate ways)  
You gotta face the fact  
we're over with and done  
'Cause I'Cause I still love you  
This I must confess, Baby  
I guess I still need you  
I feel I have to tell you this again, Baby  
Yes I still want you  
Oh these words I did not plan  
So if I interrupted anything  
I promise I won't call you again 'Cause I still love you (cause I still l, I still love you Baby)  
Yes I still need you (but I better not talk about it 'cause I rather move  
on with my life and do what I gotta do)  
(im sorry Baby) Yes I still want you  
You gotta move on  
So if I interrupted anything  
I promise I won't call you again I promise I won't call you ever again...
