

Silent Partner

La Roux

I've been livin' in a lot of shadows
Why won't you let me leave?
And I've been tryna find my way to the shallows
But the water's just too deep
Always somethin' inside of me
Keeps draggin' me down
I'm goin' deeper in the undertow
And it won't let go
All I need is silence There's a thumpin' that's filled with violence
And he creeps in through the walls at night when
When I can't see, happy, frown, sad
Good or bad, all I need is silence
All I need is silence
Oh, I'm cryin' out for silence
You're not my partner, no you're not a part of me
I need silence So tired of breathin' in numbers
Tryin' to stop my racin' heart
All I know is that I want it to stop
But I don't know where to start
You're always on my shoulder, but I won't
Try anymore
And conversations that begin to shout
Are you happy now?
All I need is silence There's a thumpin' that's filled with violence
And he creeps in through the walls at night when
When I can't see, happy, frown, sad
Good or bad, all I need is silence
All I need is silence
Oh, I'm cryin' out for silence
You're not my partner, no you're not a part of me
I need silence All I need is silence
Oh, I'm cryin' out for silence
You're not my partner, no you're not a part of me
I need silence All I need is silence
Oh, I'm cryin' out for silence
You're not my partner, no you're not a part of me
I need silence There's a thumpin' that's filled with violence
And he creeps in through the walls at night when
When I can't see, happy, frown, sad
Good or bad, all I need is silence All I need is silence
Oh, I'm cryin' out for silence
You're not my partner, no you're not a part of me

I need silence
There's a thumpin' that's filled with violence
And he creeps in through the walls at night when
When I can't see, happy, frown, sad
Good or bad, all I need is silence
All I need is silence
Oh, I'm cryin' out for silence
You're not my partner, no you're not a part of me
I need silence
