

Love Riddim

Rotimi

Wish I could start it over
Baby I need you over
Wish I could taste, kiss you down by your waist
He treats you wrong
Wish I could show you love
Wish I could make you know it
Baby you need to know it Where do you go every time I touch you there?
Whispering love, ain't nobody gotta hear
He lost control, cause he even know you here
Nobody knows, I just keep it in my head
I don't say too much
I'm just here to touch
Baby
I don't say too much
I'm just here to touch
Baby
I'm just here to touch
Here to touch
Baby
I'm just here to touch
Here to touch
Baby
I'm just here to touch
(Pull up) Baby, baby yeah
Baby, baby yeah
Love me like ju-ju
You touch me, I nu-nu
Tonight we go lately I know you they see me
You make me look easy
Oh
Tonight you go have it your way I make you go, uuuh oh oh
You make me go, uuuh oh oh
You know when I uuuh oh oh
You like when I uuuh oh oh I throw it down
Go low
Go low
Go low
Go low, go low, go low
You love when I
Go low
Go low
Go low

Go low, go low, go low Make it rise, make it rise
Make it rise, make it rise
Put the love in disguise
Make it rise, make it rise I don't say too much
I'm just here to touch
Baby
I don't say too much
I'm just here to touch
Baby
I'm just here to touch
Here to touch
Baby
I'm just here to touch
Here to touch
Baby
I'm just here to touch
