

I Did It Again

Luke Bryan

It took me and four of my buddies
Half the night to pull out my truck
I stood there and proclaimed everybody
It's the last time I'll mess with this mud
The boys they all grinned and two nights from then I did it again just one more time
Even I swore that I'd lost my mind
But I turned right around and just like a fool
Did what any old country boy'd do, I did it again
I took my first sip of cold beer
And tried not to spit it back up
I set it back down on that tailgate
Told myself I'd had enough
Then like a real man I took hold of that can and I did it again just one more time
Even I swore that I'd lost my mind
But I turned right around and just like a fool
Did what any old country boy'd do, I did it again I guess, I'm a slow learner, I ought to know
better
Than to do what I do, but I ain't no quitter The other night we got a little rowdy
I woke up with one eye swole shut
Yeah, things got out of hand at that party
I said, "That's it, it's 'bout time I grow up"
But that next weekend, I called all my friends
And I did it again just one more time
Even I swore that I'd lost my mind
But I turned right around and just like a fool
Did what any old country boy'd do Yeah, what any old country boy'd do
I did it again, I did it again
I done, done it again, I did it again
