

# It's Love

## King's X

I sit in a chair reflecting back upon my life  
And I have so much yet to learn and so much yet to see and do  
It's love that holds it all together  
I just had to let you know  
That it's love that's holding back the weather  
And the same will let it go  
I sit on the beach feeling the wind, feeling your hand  
In all there's a ship on the ocean and I can't decide if I like it  
It's love that holds it all together  
I just had to let you know  
That it's love that's holding back the weather  
And the same will let it go  
It's love that holds it all together  
I just had to let you know  
That it's love that's holding back the weather  
And the same will let it go
