Shout  
What's up ya'll?  
(Hmm)  
(Oww)  
It's Left Eye on the track  
(Hmm)  
(Oww)  
My girl T-Boz over to my left  
(Hmm)  
(Oww)  
Chilli is on my right  
(Hmm)  
(Yeah)  
We're gonna teach ya'll to shout  
(Hmm)  
(Unhh)  
(Hmm)  
Check it out  
(Oww, yeah)  
(Hmm)  
What's up?  
(Hmm)  
What's up?  
Shout  
(Ooh)  
Same damn time every hurt or two  
Something can happen to put me in your mood  
Keep it inside till I turn dark blue  
Trash everything I ever gave to you  
Brought it on the front of your lexus coupe  
Didn't want to leave you with a lame excuse  
Sex so good turns love to abuse  
When you wanna leave love's got you in a noose  
It's not just when I'm in bed  
Sometimes I'm so frustrated  
I keep it all in my head  
Till I just can't take it no more  
It's not just when I get mad  
Sometimes it's 'cuz I'm so glad  
That you are near me now  
I just have to get it out  
Shout  
(Hmm)

You gotta let me get it out  
(Hmm)  
You gotta let it go away  
(Hmm)  
Don't wanna spend another day  
(Hmm)  
Unless I feel like you make me  
Shout!  
You gotta let me get it out  
(Hmm)  
The feeling won't go away  
(Hmm)  
Don't wanna spend another day  
(Hmm)  
Unless I feel like you make me  
Shout! Found somethin' in your pocket  
And I don't know why?  
I didn't say nothing' just sat and cried  
Got me twisted all out inside  
Not too long before the next ride  
Over and over and over again  
Instead of lettin' out I always let it in  
This is where the confusion begins  
'Cuz if it don't make me you don't win It's not just when I'm in bed  
Sometimes it's so frustratin'  
I keep it all in my head  
Till I just can't take it no more  
It's not just when I get mad  
Sometimes it's 'cuz I'm so glad  
That you are near me now  
I just have to get it out Shout  
(Aaa)  
(Hmm)  
You gotta let me get it out  
(Oh yeah)  
(Hmm)  
You gotta let it go away  
(Hmm)  
Don't wanna spend another day  
(Hmm)  
Unless I feel like you make me  
Shout!

The feeling won't go away  
(Go away)

Don't wanna spend another day  
(Hmm)  
Unless I feel like you make me  
ShoutBaby just tell me what you wanna do  
I can't help bein' in love with you  
'Cuz sometimes I need you to turn me out  
'Cuz that's what lovin' is all about  
(Shout)  
Baby just tell me what you wanna do  
I can't help bein' in love with you  
'Cuz sometimes I need you to turn me out  
'Cuz that's what lovin' is all about  
(Yeah)  
(Shout)Check it  
I knew that it was only time  
Before my rhymes  
Would dig into my mind  
And get crazy out of line  
I do my best  
To never disrespect  
My girls from TLC  
All my friends don't let me  
Speak my love and peace  
It's all about  
In this world with a doubt  
Is you down for the count  
Do your hoes still amount  
To the price that we pay  
To remain up in this crucial game  
Call it a test  
A game of chess  
Let's play  
Me and you one on one  
(Hmm)  
Breakin the ice  
Till the water runs  
(Hmm)  
Down my face like a chase  
Now do you hear the guns  
(Hmm)  
Here I come and won't quit  
Until the job is done  
(Hmm)  
Quiet storms will inform you  
That I've just begun  
(Hmm)  
Tippin' the spot till it's hot  
If you want what I got  
(Hmm)

See me down to the dot dot com  
And keep it comin' with your best shot  
(Hmm)  
If you're short I care alot  
And let's notShout
