

I Could Be Wrong

Lucas & Steve & Brandy

I will like to get to know if I could be
The kind of girl that You could be done for
Cause when I look at you I feel something tells me
That your the kind of guy that I should make a move o-o-on
And if I don't let you know
Then I won't be for you. I could be wrong but I feel like something good be going on
The more I see you, the more that it becomes so true
There are no others for me, it's only you, you I could be wrong but I feel like something good be
going on.
I could be wrong but I feel like something good be going on.
I could be wrong but I feel like something good be going on.
There are no others for me, it's only you, you.
I could be wrong but I feel like something good be going on.
I could be wrong but I feel like something good be going on.
I could be wrong but I feel like something good be going on.
There are no others for me, it's only you, you.
I know anybody is gonna be lonely
They got the reason they got so much to care for.
Maybe all you need to show that you cry for
If all you need is my time
Then I got plenty ...
I wanna stay by your side, to know how cool you are.
I let you know, know, know. I could be wrong but I feel like something good be going on.
I could be wrong but I feel like something good be going on.
I could be wrong but I feel like something good be going on.
There are no others for me, it's only you, you. If all you need is my time
Then I got plenty ...
I wanna stay by your side, to know how cool you are.
I let you know, know, know.
I could be wrong but I feel like something good be going on.
I could be wrong but I feel like something good be going on.
I could be wrong but I feel like something good be going on.
There are no others for me, it's only you, you. Feel like something good be going on.
Feel like something...
Feel like something good be going on.
There are no others for me, it's only you, you.
