

Cherry Wine

Jupiter Sunrise

Don't be a fool, Billy
Don't be a fool
Life can be cruel, the light of your life
Gave you some strife, Billy And now you're alone, Billy
Nobody's at home
You'll die there alone, looking around
No one to be found at your humble abode We'll be there to pick you up
To light your Bensons, to fill your cup
We'll be with you 'til the end
Don't be a stranger
Be a friend
Billy
Silly Billy What's mine is yours, Billy
What's yours is mine
It suits us just fine for better or not
Let's drink to the future and forget the past We'll be there to pick you up
To light your Bensons, to fill your cup
We'll be with you 'til the end
Don't be a stranger Be a friend
Billy
Silly Billy Don't be such a fool
Don't be such a fool
Don't be such a fool
Silly Billy
Silly Billy
Silly Billy
Silly Billy Silly Billy
Silly Billy
Silly Billy
