

# Safari Song

Greta Van Fleet

[Intro]

Ah yeah[Verse 1]

Oh lady when you come on down

Won't you come on down

I said to my town

Oh mama when you come on down

Won't you come on down

I said to my home

Oo lady won't you move my way

Can't you move my way

I'm getting hazy

Oh mama when you give your lovin'

When you give your love

You drive me crazy

[Chorus]

Ah mama what you gonna do

With all that love in your heart

Ah mama what you gonna say

About that love in your heart

Oh mama when you walk this way

Why don't you give some lovin'

Oo mama what you gonna do

With all that lovin' in your heart[Verse 2]

See mama gotta feel your everything

I feel your everything

I really wanna know

See mama when you shine you're shinin' bright

Give you're given right

I really want our love to grow

See mama when your heart is in its place

See that smilin' face

It's all I wanna do

See mama every time that you are near

It's when your gonna fear

You're never wanna come back home

[Chorus]

Ah mama what you gonna do

With all that love in your heart

Ah mama what you gonna say

About that love in your heart

Oh mama when you walk this way

Why don't you give some lovin'

Oo mama what you gonna do  
With all that lovin' in your heart[Bridge]  
Do you remember what I said  
When I got down on my knees  
Gotta get your lovin' baby  
Lovin's all I need  
Don't make me beg now baby  
Don't make me bleed  
I gave you all a man could give  
And you still walked out on me[Chorus]  
Ah mama what you gonna do  
With all that love in your heart  
Ah mama what you gonna say  
About that love in your heart  
Oh mama when you walk this way  
Why don't you give some lovin'  
Oo mama what you gonna do  
With all that lovin' in your heart[Outro]  
Your heart  
Your heart  
Your heart  
Your heart  
Lovin'  
Burnin'  
Fire  
Aw yeah
