

Both (The Rosebank Acoustic Sessions)

Ingrid Andress

Casual, you're keeping it casual
Nothing too meaningful, nothing too rational, no no
So why do you text me saying you miss me? Staying in my place, it's kinda confusing You're
blurring the lines, you're playing two sides
Just make up your mind You can tell me to stay, you can push me away
Have space or get close
But you can't do both
You can kiss me goodnight or kiss me goodbye
Baby, love me or don't
But you can't do, you can't do both
Impossible, you make it impossible to know what you really want
It's so irresponsible, yeah, yeah
So what does it mean when you're telling me secrets?
I'm spilling mine and we're just getting deeper You're blurring the lines, you're playing two sides
Just make up your mind You can tell me to stay, you can push me away
Have space or get close
But you can't do both
You can kiss me goodnight or kiss me goodbye
Baby, love me or don't
But you can't do, you can't do both You can tell me to stay, you can push me away
Have space or get close
But you can't do both
You can kiss me goodnight or kiss me goodbye
Baby, love me or don't
But you can't do, you can't do both
You can't do, you can't do both
You can't do both, you can't do both
Yeah yeah
So why do you text me saying you miss me?
Staying in my place, it's kinda confusing
You're blurring the lines, you're playing two sides
Just make up your mind
