## **Better Man**

## Little Big Town

I know I'm probably better off on my own Than loving a man who didn't know what he had when he had it And I see the permanent damage you did to me Never again, I just wish I could forget when it was magic. I wish it wasn't 4 AM standing in the mirror

Saying to myself, you know you had to do it I know the bravest thing I ever did was runSometimes in the middle of the night I can feel you again

> But I just miss you and I just wish you were a better man And I know why we had to say goodbye like the back of my hand And I just miss you and I just wish you were a better man A Better ManI know I'm probably better off all alone Than needing a man who could change his mind at any given minute And it's always on your terms, I'm hanging on every careless word Hoping it might turn sweet again like it was in the beginning But your jealousy, I can hear it now

You're talking down to me like I'll always be around You push my love away like it's some kind of loaded gun Boy, you never thought I'd runSometimes in the middle of the night I can feel you again And I just miss you and I just wish you were a better man And I know why we had to say goodbye like the back of my hand I just miss you and I just wish you were a better man

> A Better ManI hold onto this pride because these days it's all I have And I gave you my best and we both know you can't say that

You can't say that

I wish you were a better man I wonder what we would've become If you were a better man We might still be in love If you were a better man You would've been the one If you were a better man

Yeah

Sometimes in the middle of the night I can feel you again And I just miss you and I just wish you were a better man And I know why we had to say goodbye like the back of my hand And I just miss you and I just wish you were a better manWe might still be in love if you were a better man A Better Man
