

# Nobody Else But You

## Trey Songz

I don't want nobody else but you  
I don't want nobody else but you, ooh ah ah  
Nobody else but you, ooh ah ah She like what's up what's up with me and you, (ooh ah), yeah  
What we fin'nin fin'nin to do (ooh ah ah)  
Lately I've been giving you some room, (ooh) uh huh  
Lately I just don't know what to do, ooh ooh ooh  
I don't want nobody else but you (ooh ah ah)  
I know you don't want to wait for me, aye  
They say you should stay away from me, (no) aye  
I know you the only babe for me, great for me  
Gratefully you love me too (ooh ah ah)  
Know a lot of men would do you better  
Know that I done put you through whatever  
I know that you care for me, I know you'll be there for me  
If ever something happen you still down  
Real one, I guess I'm just a fool with her  
Looking in the mirror like, ain't you scared to lose her?  
Why you acting like another man wouldn't choose her?  
You know she the only true girl, ooh girl  
I can't even lie yeah you got me falling (fall)  
Even when I try and the game keep calling (call)  
Why we in the club, why I'm always ballin' (ball)  
Tryna' be in love, we don't fall too often  
It's hard to (fall), but you got me falling (fall)  
Even when I try and the hoes keep calling (call)  
Why we in the club, why I'm always ballin' (ball)  
Tryna' be in love, we don't fall too often  
It's hard to (fall), but still I don't want nobody else but you  
I don't want nobody else but you, ooh ah ah  
Nobody else but you, ooh ah ah  
Nobody else but you  
They catch us on the low and I know you hate that (true)  
They say that I'm yours and you say you ain't that (true)  
And every time it goes I just bring the pain back, yeah  
Break ups to make ups like that just the way it goes (ooh ah ah)  
Know a lot of men would do you better (ooh ah)  
Know that I done put you through whatever (ooh ah)  
I know that you care for me, I know what you spared for me  
I know you won't wait on me forever, (noooo)  
Real one, I guess I'm just a fool with her  
Looking in the mirror like, ain't you scared to lose her?  
Why you acting like another man wouldn't choose her?

You know she the only true girl, ooh girl I can't even lie yeah you got me falling  
Even when I try and the game keep calling (calling my name)  
Why we in the club, why I'm always ballin' (ball)  
Tryna' be in love, we don't fall too often  
It's hard to (fall), but you got me falling (fall)  
Even when I try and the hoes keep calling (call)  
Why we in the club, why I'm always ballin' (ball)  
Tryna' be in love, we don't fall too often  
It's hard to (fall), but still I don't want nobody else but you  
I don't want nobody else but you, ooh ah ah  
Nobody else but you, ooh ah ah  
I don't want nobody else but you But you, ooh ah ah, nobody else but you  
But you, ooh ah ah, I don't want nobody else but you  
But you, ooh ah ah, nobody else but you  
Nobody else but you, ooh ah ah, but you, ooh ah, but you
