

# Spectacular Failure

## Lake Street Dive

I knew a boy way back when  
His name was Bobby and then  
He asked my daddy if I could go dancing  
But he could not make a pass  
Can't tell his elbow from ass  
He was completely inept at romancing  
Oh Bobby  
It's so painful to watch you  
Well in a crowd I could spot you  
Oh Bobby  
You'll never nail her  
What a spectacular failure  
He's got a buddy named Jack  
Who likes to take it as fact  
That he and Bobby have all of the power  
But don't believe what he says  
Cuz Jack's gone soft in the head  
And Bob and Jack play grab-ass in the shower  
Oh Bobby  
You play out every delusion  
You're better off in seclusion  
Oh Bobby  
You've never looked paler  
What a spectacular failure  
Oh Bobby  
You don't appear to be dying  
It's like you're not even trying  
Oh Bobby  
I can't excuse your behavior  
What a spectacular failure
