

Bring Yourself To Me

Morgan James

You're giving what you got
But it don't add up to a lot
'Cause all the things you are
Ain't gettin' you so far But I believe Oh baby if you bring yourself to me
If you can be the best that you can be
Then baby what you get is what you see
If you bring yourself
Bring yourself to me You're showing me the most
But all I'm seeing is a ghost
It's something you should feel
I need you to be real
'Cause I believe Oh baby if you bring yourself to me
If you can be the best that you can be
Then baby what you get is what you see
If you bring yourself
Bring yourself to me I ain't asking the world now,
Just a girl that's feelin' so cold
I'm just wondering if somehow
You can light that fire
Climbin' higher for me Oh baby if you bring yourself to me, baby
If you can be the best that you can be
Then baby what you get is what you see
If you bring yourself
Bring yourself...
Oh baby if you bring yourself to me
(bring yourself to me, yeah)
If you can be the best that you can be
Then baby what you get is what you see
If you bring yourself
Bring yourself...
If you bring yourself
To me Ooh yeah...
Uhh...
Bring yourself to me
