

# Party On Plastic (What's Bootsy Doin'?)

## Bootsy Collins

Ah, Hollywood  
Land of 'How do you do's?'  
Movie stars, take two's  
Lights, cameras, action  
And where is my leading lady?  
Let me try this new love scene on you, buba  
I'm very casual  
I've been loving you for days  
I've been loving you for days  
Hollywood, you shooting star  
Hollywood, in fancy cars  
And we sho' like to play  
And we sho' do like to play  
And of course, I have a cartoon mind  
So we're fun, funnin' in the sunshine,  
Get my eyes fed on, uh, Hollywood and Vine  
It's about girl watchin' ya see, fa days  
I'm just funnin' in the sunshine  
Well, of course this is no Hollywood square  
Funnin' uh when the playa plays  
Of course I'ma player  
There's so much mellow mellow at the  
(Hollywood get down)  
There's so much mellow drama at the  
(Hollywood get down)  
There's so much mellow madness at the  
There's so much mellow magic at the  
Hollywood get down  
Dance all you can  
Dance all you can  
Dance all you can  
Dance all you can  
Hollywood, Hollywood  
Get down now  
(Dance all you can)  
Party, LA, a California  
City of Angeles, Hollywood  
(I've been diggin' you for days)  
The land of the free  
(I've been diggin' you for days)  
Freeway, free highs  
Free bees and free okay bye

Hollywood, you shootin' star  
Hollywood, in fancy cars  
Where oh where is my leading lady?  
Gotcha  
And we sho' like to play  
I'ma playa and I'm playin' just to play  
(And we sho' do like to play)  
I'ma playa and I'm playin' just to play  
And I ain't playin', dig it?  
Hollywood down  
Come here you leading lady lookin'  
Uh, let me rehearse  
This love scene on you baby  
One mo' time  
Have no dear my fear  
Paul Renear is vere  
And I'm chayin' to hear that feelin'  
Aw naw, let's take two, let's take two  
We gone keep doin' this 'til we get it right lovely  
Uh, have no fear  
Uh, my fear have no  
Uh, aw shucks just forget it
