

# Lifetime

Beth Hart

She got a lover's soul  
She lost her radio  
She got her memories, her extremities  
She's driving much too fast  
She wants to make it last  
She wrote a song for you  
She calls it black and blue  
Ain't no way to live a lifetime  
Ain't no way to live at all  
Ain't no way to live a lifetime  
It just ain't no way darling, to live at all  
She's sick of being late  
She knows she's second rate  
She wonders if you'll stay  
And love her anyway  
She's crawling back again  
It's such a bitter end  
She knows she don't belong  
She screams a children's song  
Ain't no way to live a lifetime  
Ain't no way to live at all  
Ain't no way to live a lifetime  
It just ain't no way darling, to live at all  
And the sun don't shine my way  
And the moon don't make me dance  
If you're listening, hear me pray  
I'd give my hands for just a second chance  
My plea is not in vain  
She lost her lover's soul  
She lost her radio  
She got her memories, her extremities  
Just let that bad man go  
She's sweating in the snow  
No one to call her own  
Dont call, the truth ain't home  
Ain't no way to live a lifetime  
Ain't no way to live at all  
Ain't no way to live a lifetime  
It just ain't no way, darling, to live at all  
It just ain't no way to live at all...All alone...
