

Rave in the Grave

AronChupa & Little Sis Nora

Last night an angel came to say
"I'm sad your grandma passed away" But now, my grandma got a rave
My grandma got a rave
My grandma got a rave in the grave
Rave in the grave My grandma got a rave
My grandma got a rave
My grandma got a rave in the grave Granny wouldn't mind it when she passed away
And now I got it all explained
Cause now, my grandma got a rave
My grandma got a rave
My grandma got a rave in the grave Rave in the grave, rave in the grave
Rave in the grave, rave in the grave
Rave in the grave
My grandma got a rave
My grandma got a rave
My grandma got a rave in the grave
