## You'll Be Okay

## A Great Big World

You'll be okay You'll be okay The sun will rise To better daysAnd change will come It's on it's way Just close your eyes And let it rain'Cause you're never alone I will always be there You just carry on You will understandYou'll be okay You'll be okay Just look inside You know the way Let it go Fly away And say goodbye To yesterday'Cause you're never alone And I will always be there You just carry on You will understandAnd I will be strong When love is gone I'll carry on...You'll be okay You'll be okay The sun will rise To better days You'll be okay You'll be okay Just close your eyes And let it rainWhen you need it the most And all you've got is a prayer You must carry on You will understand You will understand You will understand You'll be okay You'll be okay You'll be okay Song Discussions is protected by U.S. Patent 9401941.
