

Too Much

Carly Rae Jepsen

[Verse 1]

Am I bad for you?

'Cause I live for the fire, and the rain, and the drama, too, boy

And it feels like you never say what you want

And it feels like I can't get through, babe

Ooh, babe[Pre-Chorus]

'Cause when I get so low, it takes me higher (Feel the love)

I'm not afraid to know my heart's desire, ooh-ah![Chorus]

When I party, then I party too much

When I feel it, then I feel it too much

When I'm thinking, then I'm thinking too much

When I'm drinking, then I'm drinking too much

I'll do anything to get to the rush

Now I'm dancing, and I'm dancing too much

So be careful if you're wanting this touch

'Cause if I love you, then I love you too much

[Post-Chorus]

Is this too, is this too

Is this too much?

Is this too, is this too

Is this too much?[Verse 2]

Am I too close?

'Cause you fold into me like a heart with a beat

I know now, I know now

And did you know that I'm wild for your skin

And the dance that we're in?

So close now, so close now[Pre-Chorus]

'Cause when I get so low, it takes me higher (Feel the love)

I'm not afraid to know my heart's desire, ooh-ah!

[Chorus]

When I party, then I party too much

When I feel it, then I feel it too much

When I'm thinking, then I'm thinking too much

When I'm drinking, then I'm drinking too much

I'll do anything to get to the rush

Now I'm dancing, and I'm dancing too much

So be careful if you're wanting this touch

'Cause if I love you, then I love you too much[Post-Chorus]

Is this too, is this too

Is this too much?

Is this too, is this too

Is this too much?[Bridge]

A fire in rainy season
It's hard to get to know me
Are you down, d-down
I'm down, d-down
I trust the, trust the feeling
It's hard to get to know you
But I'm down, d-down
I'm down, d-down[Chorus]
When I party, then I party too much
When I feel it, then I feel it too much
When I'm thinking, then I'm thinking too much
When I'm drinking, then I'm drinking too much
I'll do anything to get to the rush
Now I'm dancing, and I'm dancing too much
So be careful if you're wanting this touch
'Cause if I love you, then I love you too much[Outro]
Is this too, is this too
Is this too much?
Is this too, is this too
Is this too much?
