

Rescue Me

A Taste of Honey

Now I've heard that you've been lookin' for some lovin'
Someone to take you by the hand
I want you to know that I've got plenty of honey
What I'm sayin' is baby here I am* Rescue me, I need your lovin'
Rescue me, I need some tender lovin' care
Rescue me, I need your lovin'
And I guarantee, I'll make you-so very happy For so long I've been waitin' and waitin'
For someone like you to come along
Deep inside it's got me wanting' and achin'
For you to thrill me with your charm
