

Almost Home (with Damien Jurado)

Moby

I'll decide
In a moment's time To turn away
Leave it all behind
So we climb
So we're all are told the line The crowd is home
The treasure found
So let it go
Wake up, wake up, wake up We're almost home
So let it go
Wake up, wake up, wake up
We're almost home
Time to scout
When I was a child there
I know at heart
To be at your side
So we climb
So we're all told the line I dream it, too
The stars were mine
So let it go
Wake up, wake up, wake up We're almost home
So let it go
Wake up, wake up, wake up
We're almost home
I'll decide
In a moment's time To turn away
Leave it all behind
So we climb
So we're all told the line
The crowd is home
The treasure found
So let it go
Wake up, wake up, wake up We're almost home
So let it go
Wake up, wake up, wake up
We're almost home
So let it go
Wake up, wake up, wake up
We're almost home
So let it go
Wake up, wake up, wake up
We're almost home
