

Meet You At the Moon

Imelda May

We're looking at the same moon
Though we're miles apart
We're wishing on the same star
When you're deep in my heart
I don't know if you know but when we miss each other so
Look up I'll meet you at the moon We're staring at the same sky
Strangers it seems
We're sitting on the same earth
Though there's oceans between
I don't know if you know but when we miss each other so
Look up I'll meet you at the moon Umm... I'm part of you and you're part of me
But it's a cold old world when your missing somebody
Without you I wouldn't, couldn't be
So when your heart is aching and you can't take much more breaking
We're looking at the same moon
Though we're miles apart
Te're wishing on the same star
Then you're deep in my heart
I don't know if you know but when we miss each other so
Look up I'll meet you at the moon
Ummmm
Look up I'll meet you at the moon
Ummmmm
