

Too Much (feat. Timbaland)

ZAYN

I think we met and the time flied
I took your digits a while back
I think we fucked in the flashback
Won't leave my mind, kinda sidetracked
Felt good, but now I feel bad
Like I know I can't take it back
No, there's nothing I can say
Must be an addiction
I wanted it all, didn't expect it to fall
Must be an affliction
I wanted to call, but I didn't call
Now it's keeping me up night and day
Keeping me up night and day
Must be an addiction
Now there's nothing I can say, but
I guess I want too much
I just want love and lust
You just can't love enough
That's why I need a touch
That's why I need a touch
That's why I need a touch
That's why I need a touch
That's why I need a touch
I never meant to, but I did though
I gotta keep it on the D-low
Then again, what the fuck do I know?
You're always on my mind so
Felt good, but now I feel bad
Like I know I can't take it back
No, there's nothing I can say
Must be an addiction
I wanted it all, didn't expect it to fall
Must be an affliction
I wanted to call, but I didn't call
Now it's keeping me up night and day
Keeping me up night and day
Must be an addiction
Now there's nothing I can say, but I guess I want too much
I just want love and lust
You just can't love enough
That's why I need a touch
That's why I need a touch
That's why I need a touch
That's why I need a touch

That's why I need a touch
When the room becomes a game we play
When lines, they seem to turn to snakes
I guess I'll turn you back, say white lies to your face
You know I love my place
Nothing I can say
Nothing I can say
Nothing I can say
I guess I want too much
I just want love and lust
You just can't love enough
That's why I need a touch
That's why I need a touch
That's why I need a touch
That's why I need a touch
That's why I need a touch
