## **Christmas Day (feat. Jennifer Nettles)**

## Michael W. Smith

Snow covered rooftops

Lights on the trees

The sound of singing

I hear down every streetFamilies have gathered

From miles away

Oh, Merry Christmas

It's Christmas dayYou see that old tree

Down Cotton Lane

Those lights keep shining

It's always the same

We hear the church bells

Ring out to say

Oh, Merry Christmas

It's Christmas day

Oh, Merry Christmas

It's Christmas daySwing the lights and hang the stockings

Decorate with green and red

Made the cookies for old Santa

Made a runway for his sledSinging carols on a sleigh ride

Gather 'round the manger scene

Open presents, read the letter

And together we will singOh, Merry Christmas

Joy to the world

For every nation

For every boy and girl

Let's light a candle

For peace we pray

Oh, Merry Christmas

It's Christmas day

It's Christmas day

It's Christmas dayLet's light a candle

For peace we pray

Oh, Merry Christmas

It's Christmas day

Oh, Merry Christmas

It's Christmas day
