

# Prior to You (feat. Tank)

Tyrese

There's a first time for everything  
So I knew this day would come  
took me long enough to get it  
but I knew you were the one  
first of all let me apologize for putting you through so much  
but I'll be a foolish man to ever mess this up  
You caught me by surprise  
I thought I'd seen everything  
Until I looked into your eyes  
Til I found what I was missing Girl, prior to you, I'd never seen something so beautiful  
Baby, prior to you, I've never seen something so fly  
Prior to you, I thought love was just a fairy tale  
Then you came along and showed me how to love again  
If there's such a thing as Heaven sent, girl that'd be you  
It's all new to me because I've never been so over the moon  
It happened to me right when I was about to turn my love card in  
If you hadn't showed up when you did is be through with it You caught me by surprise  
I thought I'd seen everything  
Until I looked into your eyes  
And then I found what I was missing Girl, prior to you, I'd never seen something so beautiful  
Baby, prior to you, I've never seen something so fly  
Prior to you, I thought love was just a fairy tale  
Then you came along and showed me how to love again Sun setting over the ocean fails in  
comparison  
Somewhere out of this world is gotta be where you're from  
Don't know what I did to deserve this love that you give  
Been in love before but still .  
Girl, prior to you, I'd never seen something so beautiful  
Baby, prior to you, I've never seen something so fly  
Prior to you, I thought love was just a fairy tale  
Then you came along and showed me how to love again...came along and showed me how to  
love again.
