

I Feel Like I'm Drowning

Two Feet

You keep dreaming and dark scheming
Yeah, you do
You're a poison and I know that is the truth
All my friends think you're vicious And they say you're suspicious
You keep dreaming and dark scheming
Yeah, you do I feel like I'm drowning
Aah, drowning You're holding me down and Holding me down
You're killing me slow
So slow, oh-no
I feel like I'm drowning
Aah, drowning
You're so plastic and that's tragic Just
When you I don't know what the hell you gonna do
When your look start depleting And your friends
All start leaving You're so plastic and that's tragic
Just when you I feel like I'm drowning
Aah, drowning
You're holding me down
And Holding me down
You're killing me slow
So slow, oh-no
I feel like I'm drowning Aah, drowning My life's okay Yeah,
Just when you're not around me
My life's okay
Just when you're not around me My life's okay
Just when you're not around me My life's okay
I feel like I'm drowning
Aah, drowning
You're holding me down
And Holding me down
You're killing me slow
So slow, oh-no
I feel like I'm drowning
Aah, drowning
