

# A Beautiful Sea

## Sing Street

Fake deals in the supermarket  
TVs selling what you can't get  
She laughs, "Nowhere is as pretty as this" Grey cars crawling in the slow lane  
Lost stars waiting for the DART train  
She smiles, turns and blows the city a kiss Under the waves I feel her pull my body down  
Under the waves she takes me where I wanna drown  
I can be miles away, she calls to me  
This girl is a beautiful sea Freeze frame graffiti at the bus stop  
Star Wars, chewing gum and punk rock  
She says, "What d'you say we give this a miss?" Let's go, take me where the wind blows  
Sail ships far into tomorrow  
We can turn and blow the city a kiss  
Under the waves I feel her pull my body down  
Under the waves she takes me where I wanna drown  
I can be miles away, she calls my name  
She gets into my veins  
And writes my poetry  
This girl is a beautiful sea  
The girl is a beautiful sea  
This girl is a beautiful sea  
The girl is a beautiful sea
