

# Bad Luck

## The Story So Far

I try to rise and fall with sun  
But lately, it doesn't make any sense to me  
Walking by myself trap the silence in the hall  
(Trap the silence in the hall)  
And I can feel the pressure in my head  
I'm the book you always opened but you never read  
(Never read)  
Beside the box you call your bed  
(Beside the box you call your bed)It's your fault I'd say  
I let this blind me  
Forlorn in sullen head  
Suffer your ill intent  
Suffer your ill intent  
Watch your mind ignore  
Just like all those times before  
That's the way it is  
And I won't write you back anymore  
There's better faces  
To fill all the spaces  
Left by the masks you woreIt's your fault I'd say  
I let this blind me  
Forlorn in sullen head  
Suffer your ill intent  
Suffer your ill intentMaybe that's the reason I was never enough (never enough)  
Cause all I do is chuck it up to bad luck (bad luck)  
Unfinished business has me stuck (has me stuck, stuck)  
Bad luck  
It's your fault I'd say  
I let this blind me  
It's your fault I'd say  
I let this blind me
