

Love Again

Dua Lipa

I never thought that I would find a way out
I never thought I'd hear my heart beat so loud
I can't believe there's something left in my chest anymoreBut goddamn, you got me in love againI used to think that I was made out of stone
I used to spend so many nights on my own
I never knew I had it in me to dance anymore
But goddamn, you got me in love again(Show me) Your heaven's right here, baby
(Touch me) So I know I'm not crazy
Never have I ever met somebody like you
Used to be afraid of love and what it might do
But goddamn, you got me in love again
You got me in love again
You got me in love again
You got me in love again, againSo many nights my tears fell harder than rain
Scared I would take my broken heart to the grave
I'd rather die than have to live in a storm like before
But goddamn, you got me in love again(Show me) Your heaven's right here, baby
(Touch me) So I know I'm not crazy
Never have I ever met somebody like you
Used to be afraid of love and what it might do
But goddamn, you got me in love againYou got me in love again
You got me in love again
You got me in love again, again
I can't believe, I can't believe
I finally found someone
I'll sink my teeth in disbelief
'Cause you're the one that I want
I can't believe, I can't believe
I'm not afraid anymore
But goddamn, you got me in love againLa-la-la, la-la-la
La-la-la, la-la-laI never thought that I would find a way out
I never thought I'd hear my heart beat so loud
I can't believe there's something left in my chest anymore
But goddamn, you got me in love againLa-la-la, la-la-la
La-la-la, la-la-laI can't believe, I can't believe
I finally found someone
I'll sink my teeth in disbelief
'Cause you're the one that I want
I can't believe, I can't believe
I can't believe there's something left inside my chest anymore
But goddamn, you got me in love againYou got me in love again (You got me in love again)
You got me in love again (You got me in love again)

You got me in love again (You got me in love again)
(And again, and again, and again, and again)
