

# Faint Resemblance

## Rise Against

Wait I'm not listening to you now  
I wasn't listening to you then  
I know that nothing  
Will be the same again There's only so much I can handle  
Only so much I can take  
Before my knees start to buckle  
And my arms start to shake  
And have we been here before?  
Will we be here again?  
I don't know how much of me you expect Standing here right now I beg for you to let go  
I dread the day you finally do  
I fight for your attention  
Too little too late or too much too soon And how will this plague the time  
We share from here on out  
And how long will this taint  
All these words spilling from my mouth? And have we been here before?  
Will we be here again?  
I don't know how much more of me you expect  
Standing here right now  
Standing here right now  
I'm standing! And have we been here before?  
Will we be here again?  
I don't know how much more of me you expect
