

# Standing In the Sun

## Howie Day

I wanna turn it round for you  
Don't turn away  
I wanna turn it round for you  
Don't turn away I know you and I shoulda known better  
I know you and I turning in  
Well I don't mind and you don't care  
If you and I go down  
And we come undone  
Find us a way out I wanna turn it round for you  
Don't turn away  
I wanna turn it round for you  
Don't turn away  
Standing in the sun  
I shoulda gone out there  
Standing out but I am giving in  
Well I can't find where I am  
Standing on the edge  
Of a curtain call  
Is it good as done? I wanna turn it round for you  
Don't turn away  
I wanna turn it round for you  
Don't turn away Standing in the sun  
I can recall the looks on their faces  
I would have turned around for you  
For you  
I know you and I could have done better  
I know you and I are turning in  
I don't mind if you care  
You and I go down  
And we come undone  
Turn it inside out I wanna turn it round for you  
Don't turn away  
I wanna turn it round for you  
Don't turn away  
Yeah Don't don't don't turn away  
Don't don't don't turn away  
Don't don't don't turn away
