

# Someone Like You

**Paolo Nutini**

Someone like you wasn't meant to be defined  
Or confined or even met eye to eye  
Just meant to be explored and then adored  
Someone like you, someone like youSomeone like you, is so beautifully designed  
From the hands, all the way to the mind  
Just meant to be explored, and oh, adored  
Someone like you, someone like youLa la la la lalalalala  
La lalalala
