

Ooo La La

Robin Thicke

Ooo la la
You gave me some of that thing
Ooo la la
I fell in love with that thing
Ooo la la
Can't get enough of that thing
Ooo la la
I'm thinking of that thing Picked me out a rose
Stands by her man
She wants to party
She loves to dance
Won't raise my voice
Won't raise my hand
Keep telling your story
I'll understand
You can have my body
You can have my money
You can have my soul if you want it, too
You've become a problem
But I don't want to stop it
'Cause I can't get over you Ooo la la
You gave me some of that thing
Ooo la la
I fell in love with that thing
Ooo la la
Can't get enough of that thing
Ooo la la
I'm thinking of that thing
Ooo la la
You gave me some of that thing
Ooo la la
I fell in love with that thing
Ooo la la
Can't get enough of that thing
Ooo la la
I'm thinking of that thing Talk all out of turn
See through my disguise
Reverse the currents
Electrify
Kick me to the curb
I keep hanging on
You make me weak

But you make me strong You can have my body
You can have my money
You can have my soul if you want it, too
You've become a problem
But I don't want to stop it
'Cause I can't get over you Ooo la la
You gave me some of that thing
Ooo la la
I fell in love with that thing
Ooo la la
Can't get enough of that thing
Ooo la la
I'm thinking of that thing Schnabel on the walls
G Clooney villas
Rosé waterfalls
Days in Marbella
Nights Puerto Banus
The world is mine as long as I'm with you Ooo la la
You gave me some of that thing
Ooo la la
I fell in love with that thing
Ooo la la
Can't get enough of that thing
Ooo la la
I'm thinking of that thing Ooo la la
You gave me some of that thing
Ooo la la
I fell in love with that thing
Ooo la la
Can't get enough of that thing
Ooo la la
I'm thinking of that thing You can have my body
You can have my money
You can have my soul if you want it, too
You've become a problem
But I don't want to stop it
'Cause I can't get over you You can have my body
You can have my money
You can have my soul if you want it, too
You've become a problem
But I don't want to stop it
'Cause I can't get over you Ooo la la
You gave me some of that thing
Ooo la la
I fell in love with that thing
Ooo la la
Can't get enough of that thing
Ooo la la
I'm thinking of that thing Ooo la la

You gave me some of that thing
Ooo la la
I fell in love with that thing
Ooo la la
Can't get enough of that thing
Ooo la la
I'm thinking of that thing
