

# Monuments and Melodies

## Incubus

My hands are trembling  
And my eyes are on fire  
And this house is crumbling  
And I've been left out all the while  
Yeah, yeah You make me happy  
You magnify my better half  
You make me certain  
Though all I have today is your photograph My past is perilous  
Each scar I wear sings  
Monuments to where I have been  
And melodies to wear I am going  
Yeah, yeah  
You make me happy  
You magnify my better half  
You make me certain  
Though all I have today is your photograph When will I see you again?  
Still I can only go so far  
I need you in front of me  
To say my name  
Say it to me, say it to me  
Say it to me, I want you the way you are  
The way you are  
Yeah, yeah You make me happy  
You magnify my better half  
You make me certain  
Though all I have today is your photograph  
You make me happy  
You make me happy  
You make me happy  
Oh
