Gorillaz

The mountains are all waiting
The full moon has come. I got lost on highways.
But don't ask me where I've been
or what I've done. Oh Lord, send me transmissions,
Forgive me for what I've become. The sun has come save me.
Put a little love into my The sun has come to save me.
Put a little love into my
Oh don't you know why
I need her loving you?
Float inside
