Getting over You

Lauv

Running from the morning

Think I hit a wall

Late night, not you

Running from the moment

So I don't recall

Late nights, not youWaking up in a cold sweat

Someone else in this cold bed

I'd do anything to not be alone

All alone with the ceiling

All alone with this feeling

And I wonder if I'll ever let goI tried spending my nights under

Someone new

But the truth is

I could spend my whole life getting over you

Yeah yeah yeah

Getting over you

Getting over youDrowning in my coffee

To wash the alcohol

Out my bloodstream

Sitting here I wonder

If we hadn't been at all

Who would I be Waking up in a cold sweat

Someone else in this cold bed

And I wonder if I'll ever let go

I tried spending

My nights under

Someone new

But the truth is

I could spend my whole life getting over youYeah yeah yeah

Getting over you

Getting over youI tried spending

My nights under

Someone new

But the truth is

I could spend my whole life getting over youGetting over you Getting over you Getting over you Getting over you Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
