

Needles on the tree (feat. Alina Baraz)

Lugus

Don't look back
Let it go
Nothing but time stays the same There goes my mind
It's gone
And your plastic love
(Goes my mind)
You looked at me with certainty
I couldn't look away
Took your time
Get off
Don't look back
You're the lace-trimmed danger
One day will be to face a stranger
Don't you know
Nothing but time stays the same
Don't you know
Nothing but time stays the same
