

# Frame of Mind

## Tristram & Braken

For now you can stay  
Right here we will play  
Until somehow you can find  
A slightly different frame of mind  
Right here in my arms  
Away from all harm  
You'll be safe from all the flares  
Although I know you don't care Ohh... You can lift your head up to the sky  
Take a deeper breath and give it time  
You can walk the path among the lines  
With your shattered frame of mind  
Withstand, you can always stay  
We can wait right here and play  
Until somehow you can find  
A slightly better frame of mind  
When they say you will fall  
You can reach nothing at all  
Hide your tracks, beneath the line  
Of a different frame of mind  
Is it that what you've heard  
Broken words in the dirt  
Yelling out into the sun Here we come  
Here we come  
Ohh...  
Here we come  
Here we come  
Ohh...  
Here we come  
Here we come  
You can lift your head up to the sky  
Take a deeper breath and give it time  
You can walk the path among the lines  
With your shattered frame of mind  
Withstand, you can always stay  
We can wait right here and play  
Until somehow you can find  
A slightly better frame of mind You can lift your head up to the sky  
Take a deeper breath and give it time  
You can walk the path among the lines  
With your shattered frame of mind  
Withstand, you can always stay  
We can wait right here and play

Until somehow you can find  
A slightly better frame of mind  
And when daylight comes through  
When the day is anew  
Then it will be time  
For a new frame of mind  
When all eyes are on you  
You will know what to do  
Since you would have found  
Your new frame of mind  
When you lift your head up to the sky  
Take a deeper breath and give it time.  
You can walk the path among the lines  
But always know that you'll be safe  
I'll be here throughout your days  
Come, find me and we will play
