In a blue cap, Maybach, blueray coupe back
Tell me where they do that, shoot that, shoot back
Like where the lube at? Nigga that's who that
Only 24, I got my mind made up
Tonight's the night, I'm letting niggas know wussup

From a killing pain, with a nigga thing, put LK on a blank
Now a nigga think he me

Pyramids and homicide descriptions, all hail this 20 vision
Sip on the selections, get embodied by my spirit, get money on templates, I'm lifted
Stick with it, dog on my own
Fuckin I'm tryna bone, knockin at my front do
Leave me the fuck alone, I'm blowin home grown
It's big money on my phone

I make moves you gotta remember
Dude you move like a beginner
Who that? Who that? Who that nigga?
In a blue cap, Maybach, blueray coupe back
Tell me where they do that, shoot that, shoot back
Like where the lube at? Nigga that's who that
