

# Never Enough

Tarja

Life in bloom, the sweetest season  
The warm embrace gave me the meaning  
Another time, a cross to carry  
Cruel facade imaginary  
I don't belong  
There's no going back  
what we used to be  
There's no room for us  
no place for me  
Never enough, never enough  
No, never enough, never enough  
I gave it all  
You still want more  
A child's game, the search for reason  
A coldest day, I stopped believing  
Another war, my endless laughter  
A storyline is all they're after  
I don't belong  
There's no going back  
what we used to be  
There's no room for us  
no place for me  
Never enough, never enough  
No, never enough, never enough  
I gave it all  
You still want more  
There's no going back  
what we used to be  
There's no room for us  
no place for me  
Never enough, never enough  
No, never enough, never enough  
I gave it all  
You still want more
