

Sunrise Trailer Park (feat. Machine Gun Kelly)

Papa Roach

I was young
And I was reckless man
Moved out at seventeen
And made my momma mad
I thought I had it all figured out
A pocket full of pills
And a forty in my mouth
Pilld out in my big black Chevy
Pimped six times
And I knew that I was ready
To straighten up because my best friend died
I didn't wanna carry on living that life And now I'm running from the scene
Cause I was caught up in the crime
It's a loaded memory
Yeah, it kills me everytime
And I'm trying not to scream
But It's eating me alive
I'm still hunted by the best days of
The best days of my life Yeah, Let me take y'all back I was young
And I was selfless, man
Self-medicating my own depression, man
I drank a bottle at the breakfast
Took a look in the mirror
Riped the rosery of my neckless,
Damn!
I lost my job, so I lost faith
I just saw biggie pumping my girl's waist
I need a drink to feel right
Party with my homies
To escape from real life
Yeah, we had it all figured out
A pocket full of pills
And a forty in my mouth
But, I never should've let
My best friend drive
Cause he's the reason my child
Will never see me alive
Damn! Now I'm running from the scene
Cause I was caught up in the crime
It's a loaded memory
Yeah, it kills me everytime And I'm trying not to scream
But It's eating me alive

I'm still hunted by the best days of
The best days of my lifeAll the sudden nothing matter's enymore
He lost it all,
He's life was scattered on the floor
And now he's family trying
To pick up all the pieces
I am locked up in a box, I am a monster
I'm the reason that he's gone
Wish I could take it all backPress rewind and take a picture of the past
Pause it!
Feel my heart turn black
My lung's a smolder
And I'm breathing in the ashNow I'm running from the scene
Cause I was caught up in the crimeIt's a loaded memory
Yeah, it kills me everytime
And I'm trying not to scream
But It's eating me alive
I'm still hunted by the best days of
The best days of my lifeI'm still hunted by the best days of
The best days of my life
I'm still hunted by the best days of
